

HEALTH AND NUTRITION
YEARS 3–6 WORKSHEET**Invent your skeleton**

Context: We've been learning all about bones. Now it's time for you to design and make your own skeleton!

Requirements: Your skeleton must have:

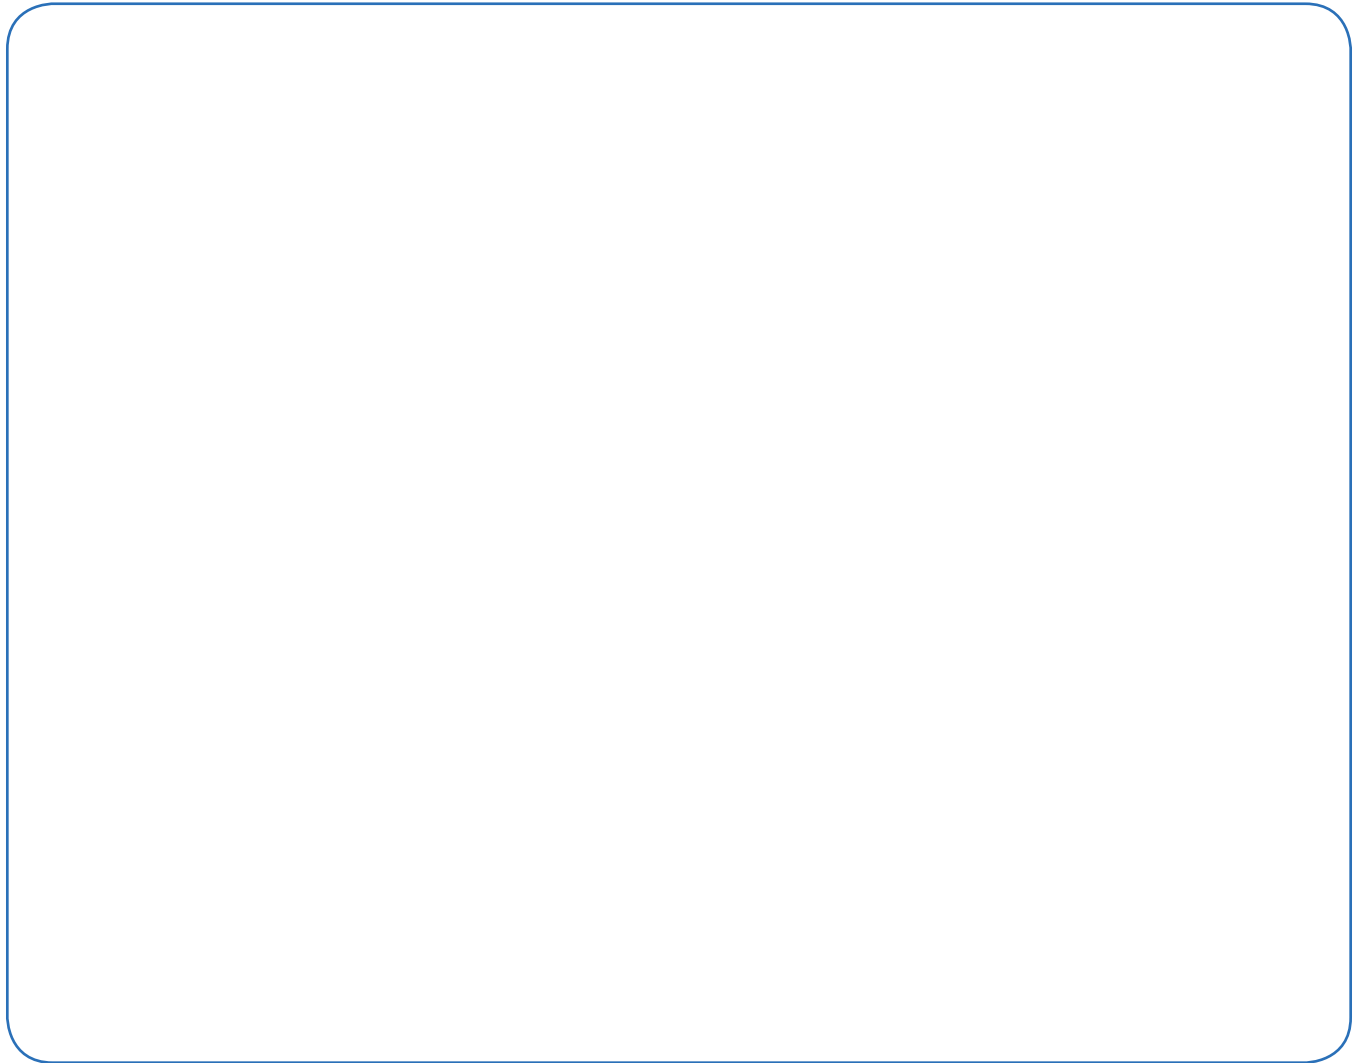

- A skull
- A spine
- 2 hands
- 2 feet
- 2 legs
- 2 arms
- Ribs and shoulder bones
- A pelvic bone

Investigate

Look at pictures of skeletons and list the bone parts. Identify the features of each part.

Devise solution

Draw your skeleton's bones. Label the bones. What are their names?

**HEALTH AND NUTRITION
YEARS 3–6 WORKSHEET****Produce**

Make your skeleton. Evaluate: Does your skeleton have a Skull, Spine and Pelvic Bone?

Tell me about your skeleton.

Write a story. A day in the life of....

JUST FOR FUN: WHY DIDN'T THE SKELETON GO TO THE DISCO?

He had no body to go with.
