Short courses and workshops

Many groups and organisations deliver short courses that will enhance skills in many different topics. It is impossible to list them all, but valuable to check organisation websites and Facebook pages to find out what is available. GippsDairy aims to promote these through our fortnightly eNewsletter and monthly How Now Gippy Cow publication.

Mentoring

There are formal mentoring programs and informal mentoring. It can be as simple as asking someone whose work you admire if they would be keen to support your career journey for specific period of time, e.g. meeting once per month for 12 months.

Director roles on organisation boards

Many organisations have governing boards with director roles available. Make contact with the organisation you have an interest in to find out when they seek board nominations and what skills they are looking for.
